♦You must be currently enrolled in a medical and/or dental plan to make changes to this benefit. If you ever decline medical and/or dental coverage, you cannot re-enroll at a later time.

♦Upon reaching age 65, you must enroll in Medicare parts A, B and D.

♦Your premiums could be adjusted for Part D enrollment if you apply and qualify for a low income subsidy or if you have a late entrant penalty. This will be determined by Social Security Administration.

**Please add a \$2.00 administrative fee to your monthly payment if you are not participating in the ACH payment option.**
