

TB Test Locations

Beginning February, 1995, the State of California has required that school volunteers be tested for TB before they begin volunteering in school. Part of the School of Education coursework includes field work in local schools. Please submit a negative TB test result to the Credential office along with evidence of volunteer fingerprints. TB test results are good for 4 years. Below are local locations, a TB test can also be obtained through your private physician. ***Please phone each location to confirm fee and accepted method of payment.***
